# Education Centre of Australia

## “More than a great education”

The Education Centre of Australia (ECA) is a modern and diverse private education group with 7,000 international students enrolled at five campuses across Australia; and university ‘managed campus’ partnerships with Victoria University - in Sydney and in Ahmedabad, India and Swinburne University of Technology in Parramatta CBD. ECA offers a range of higher education, vocational, professional development and ELICOS courses through its constituent colleges:

- ECA Professional Year (ECAPY) (Sydney, Melbourne, Brisbane) – including ECA Internships
- Asia Pacific International College (APIC) (HE – Sydney, Melbourne)
- ECA Graduate Institute (EGI) (VET – Sydney, Melbourne, Brisbane)
- ELIS Language School (ELICOS – Brisbane, Melbourne, Sydney)
- Australasian College of Care and Leadership Management (ACCLM) (VET - Brisbane)

## ECA PROFESSIONAL YEAR

ECA is an approved Professional Year provider in consultation with the Australian Computer Society (ACS). To date, ECA has successfully placed over 3,000 students into quality internships.

ECA has been successfully delivering Professional Year (PY) since 2008. Our unique delivery methods and proven reputation has placed ECA as one of the largest education institutions in Sydney to deliver this course, the PY Program. ECA has offered its PY Program in Melbourne since 2013 and in Brisbane since 2016.

## DEDICATED INTERNSHIP TEAM

ECA Professional Year (PY) Internships are non-paid industry placements that are a mandatory part of the PY syllabus that are valued by students and host companies alike. PY internship placement is in Information Technology (IT) fields. Placements are 12 weeks in length and will give students the opportunity to gain valuable local industry experience and stay ahead of an increasingly competitive graduate recruitment market.

ECA’s dedicated Internship Team will assess student’s fields of interest to find the right host organisation and develop a 12-week training plan in order to gain the best workplace experience. Although we don’t guarantee employment after the internship, did you know that 65% of our ECA PY graduates are offered a paid position? You will also have the opportunity to expand your professional network, gain valuable references and improve your resume for future career opportunities.

# PROFESSIONAL YEAR

ONE OF AUSTRALIA'S MOST ESTABLISHED PY PROGRAMS

## OVERVIEW

ECA is an approved provider for ACS PYP

The Professional Year Program in Information Technology (PYP IT) was developed by the Australian Computer Society (ACS) and approved by the Department of Home Affairs, granting 5 migration points to ECA PY graduates.

### The ECA Professional Year provides international students with:

- A pathway from Australian university study to professional employment in Australia.
- The opportunity to gain 5 migration points, and to submit an Expression of Interest (EOI) under the Australian Government's 'SkillSelect' program.
- Guidance in developing job search portfolios and competencies, and the experience of working in a small team simulated business project.

ECA Professional Year has intakes every month, with classes held throughout the week, and also on weekends. The duration of the program is approximately 44 weeks.

The program is aimed at graduates with IT degrees who have recently graduated, and who have a Temporary Graduate visa (subclass 485) or a Bridging visa A (while waiting for their 485 visa).

For details on the 485 visa, please refer to the Department of Home Affairs website. ([www.homeaffairs.gov.au](http://www.homeaffairs.gov.au))

## COURSE STRUCTURE

The ECA Professional Year encompasses the following topics:

### Australian Workplace Culture and Practice

Examine Australian workplace cultural norms and the values that underpin workplace behaviour. Learn the slang, and the 'small talk' that will help you understand the Australian workplace and how people interact in business.

### Working Effectively With diversity

Understand how and why diversity is highly valued in the Australian workplace. Identify how cultural relationships can contribute to your success.

### Professional Performance Teamwork

If two brains are better than one, imagine a whole team! A study of team dynamics and how you can work in your team effectively. Sharpen your teamwork skills and build your workplace networks.

### Professional Performance Innovation

Think like an innovator. Learn how to think out of the box and apply those skills to your professional life.

### Reflective Thinking

You have the opportunity to review how you are progressing throughout the course, with ongoing targeted exercises to identify different areas to focus on.

### Job Applications

Get ready for that dream job. You will learn how to prepare your job application, resume and more.

### Job Interviews

Practise makes perfect. Learn the skills you need for a successful job interview and then practise applying your learned skills in a mock interview. You will be provided with feedback on your interview strengths and weaknesses, and given tips on how you can improve.

### Introduction to the Business Project and Brainstorming

Start thinking like a Business Person. You will start working in teams and apply your university education to real life scenarios.

### Business Writing and Reports

Learn how to write business communications for a specific target audience, and with a specific goal in mind. Get your audience's attention and support from the start.

### Presentations

Hit the cultural and language mark in your presentations. Obtain real time feedback on how your presentations are received and how you can improve.

## INTERNSHIP FEEDBACK

“... my internship is going very well... I have learned a lot of practical knowledge... I am really satisfied and happy with this...”

**Amy Li, PY Student**

“ What can I say?! Sonia has come such a long way since we first met. From having no experience, she is now a valued member of our team. Her grasp of what we do has been impressive and we are looking forward to developing her skills further. She will always have a role with Switch Digital when she wants one. ”

“... I have learned a lot through this program... I learned to be a better person and ECA has guided me from the scratch, from building my confidence, give me all the tools that I need, and even give me internship opportunity that ended up in permanent part-time position.

I can't thank ECA enough and I hope all the best for this institute in the future.”

**Devi Jo Yanti**

## STUDENT TESTIMONIALS

“In my PY, I gained a lot of business, communication and job-readiness skills and valuable knowledge related to my academic background that I didn't have from my previous university studies. I also had the opportunity to implement the theories I acquired from Uni in real practice situations. Working under my project supervisor during the internship gave me more chance to absorb his knowledge and experiences. I was eventually hired as a full time-employee just one month after I commenced my internship with them.”

**Anisa Amilia**  
ECA PY Graduate

“The ECA internship team were very easy to communicate with, extremely approachable and supportive. I was delighted to receive overwhelmingly positive feedback and a letter of review from the host company on my performance during the internship which has given me great confidence to build my career.”

**Utsab Bhaukaji**  
ECA PY Graduate

“The ECA PY has been a fantastic learning experience among a great cohort of students. I've learned about Australian workplace culture and behaviour and feel well prepared to start my career in Australia. Through the free value-added workshops throughout the year, I was able to develop more knowledge and skills and across a whole range of areas that will always serve me well.”

## ADVANCE YOUR CAREER

### Why should I enrol in ECA PY?

The ECA PY can offer you the chance to fine-tune your skills and find employment in your selected field. Our trainers have a wealth of business and training experience, and enjoy sharing their knowledge with students. They are friendly and approachable and always aim to create a classroom environment which is a great place for learning. ECA PY works with professional partner organisations and a wide range of host companies to ensure relevance, quality and currency.

### What sort of training is offered?

The ECA PY offers a range of training techniques to ensure your academic needs are met. Our teaching and learning methods include face to face classroom instruction, supervised computer lab work, role playing, presentations, simulated interviews, small team project work, and supervised industry internship.

### When should I enrol?

ECA is accepting new enrolments in PY all year round and new classes are scheduled to start every month. Please refer to the Program Calendar on the website.

### How do I get an Internship?

ECA provides an internship service to assist you in finding and completing a suitable and rewarding internship. Subject to ECA approval, you are able to arrange your own internship (self-sourced) if you have suitable contacts within the industry. If not, an ECA internship officer will find an internship position for you, and manage the whole process.

### How does my ECA PY impact on my migration points?

Upon successful completion of the PY Course, you will be able to gain 5 additional migration points towards your skilled migration Expression of Interest (EOI), which is required if you wish to stay permanently in Australia.
