WELCOME TO VU SYDNEY

I am very pleased to welcome you to Victoria University (VU) Sydney. Located in the heart of Sydney, the campus offers you all the benefits of VU's progressive approach to education in a highly supportive, inclusive learning environment.

At VU, we are renowned for our innovative approach to teaching and learning. Our unique Block Model of education is now being delivered across all diploma and degree courses, with postgraduate business programs available in Block Model from 2021.

Students from over 45 countries currently study at VU Sydney. When you study with us, you will be part of a global community of scholars, and will forge lifelong relationships. By achieving high academic goals, you will be prepared for a successful career after you graduate.

On behalf of VU Sydney, thank you for studying with us. I look forward to meeting you soon.

Felicity Davis Rafferty
Campus Director and Principal
VU Sydney

A handwritten signature in blue ink, appearing to read 'Felicity Davis Rafferty'.

Acknowledgement of country

Victoria University acknowledges, recognises and respects the Ancestors, Elders and Families of the Boonwurrung, Waddawurrung and Wurundjeri of the Kulin who are the traditional owners of the land on which the University's campuses in Melbourne are built, and the Gadigal and Guring-gai of the Eora Nation who are the traditional owners of the land on which the Sydney campus is built.

THE VU WAY

THE VU BLOCK MODEL

The award-winning VU Block Model has improved student results and the student experience. You will study one subject over a four week 'block', or two subjects over eight weeks, depending on your course. This allows you to focus on one or two subjects and receive your results before moving onto the next block.

Small class sizes and a high level of teacher support help you to adjust to university study in Australia. International students at VU Sydney are performing particularly well under the Block Model, achieving average pass rates of 90%. All diploma and undergraduate courses are taught under the Block Model at VU Sydney, with postgraduate business courses delivered via Block Model from 2021. The Block Model is exclusive to VU in Australia.

INDUSTRY & GOVERNMENT PARTNERSHIPS

Our partnerships add value to our courses and ensure our graduates are job-ready, with many of our courses professionally recognised and accredited. Our courses are tailored to meet industry needs and our students undertake real-world projects, as well as meaningful and engaging internships and work placements.

FUTURE-READY

Our graduates have the creative, problem-solving and technical skills required to thrive in a fast-changing world. Practical learning, designed with our industry partners, is reinforced through industry application and supported by skills in communication, collaboration and leadership. Our teaching spaces are optimised for contemporary learning, and you will be supported by a team of experienced academics who are committed to ensuring you graduate with the skills and knowledge to succeed in and beyond your degree.

A SAFE & SUPPORTIVE COMMUNITY

We are a welcoming and inclusive university in one of Australia's highest-ranked student cities. Australia is also ranked the safest country in the world for women, according to the 2019 Global Wealth Migration Review. At VU, we celebrate cultural diversity and provide opportunities for all students to take part in community and social activities. We have a vibrant social calendar, programs to promote student leadership, and activities to support community engagement.

A WORLD-CLASS UNIVERSITY

Our rankings, research, facilities, partnerships and alumni network are all part of our world-class international reputation.

We are ranked in the top 2% of universities in the world, according to the *Times Higher Education* World University Rankings 2021. We are 56 in the world in the *Times Higher Education* Young University Rankings 2020, and 51 out of more than 300 universities in the *Times Higher Education* Asia-Pacific University Rankings 2019. These rankings are the only international assessment of universities across their core missions of teaching, research, knowledge transfer and international outlook.

We are 12 in the world for quality education, according to the *Times Higher Education* Impact Rankings 2020, for our contribution to early years and lifelong learning, our teaching research and our commitment to inclusive education.

Our alumni network of more than 240,000 includes 30,000 professionals living and working around the world, while employers of our alumni include the London Ambulance Service, Indonesia's Ministry of Finance, Facebook and NASA.

MOVING TO SYDNEY

Australia is located in the Southern Hemisphere, and is the sixth-largest country in the world. Renowned for its world-class education system, Australia is a leading study destination for international students, ranking in the world's top 10 best student cities according to the 2019 QS Best Student Cities ranking.

LIFE IN SYDNEY

A melting pot of cultures, cuisines and international events, Sydney prides itself on being a multicultural metropolis. Besides its culturally diverse reputation, Sydney is famed for its spectacular harbour and beaches; internationally renowned sights such as the Sydney Opera House and Sydney Harbour Bridge; world-class restaurants; and bustling nightlife. As a student at VU Sydney, you will never be short of things to see and do between classes.

THE STATE OF NEW SOUTH WALES

Living in Sydney means you have easy access to excellent tourist experiences, including the picturesque Blue Mountains and Hunter Valley. Whether you enjoy exploring mountains, visiting beaches, bushwalking or whale watching, New South Wales (NSW) has a lot to offer.

COST OF LIVING

While Sydney may sometimes seem expensive, it is comparatively cheaper than other capital cities around the world. According to *Insider Guides*, you can expect to spend between A\$350-A\$370 per week in an inner-city share house or serviced apartment. Budget approximately A\$50 a week for unlimited travel on train, bus, ferry and light rail services. Use the *Insider Guides'* Cost of Living Calculator to find out how much it costs to live in Sydney, depending on your lifestyle.

insiderguides.com.au/cost-of-living-calculator

EVIDENCE OF FINANCIAL CAPACITY

As a condition of your student visa, you must have enough money to pay your course fees, and travel and living costs, for you and any accompanying family members while you are in Australia. You might need to provide evidence of your financial capacity with your visa application. The current 12-month minimum living cost set by the Australian Government is:

- student or guardian – A\$21,041
- accompanying partner or spouse – A\$7362
- accompanying child – A\$3152.

studyinaustralia.gov.au/english/live-in-australia/living-costs

HEALTH INSURANCE

Before you can apply for a student visa, you must arrange Overseas Student Health Cover (OSHC) for your stay in Australia. OSHC applies to eligible medical and hospital expenses, depending on your level of cover. Allianz Global Assistance is VU's preferred OSHC provider. We negotiate special rates and extra bonuses for VU students.

vu.edu.au/health-cover

ACCOMMODATION

Finding the right accommodation is one of the most important factors to consider once you have made the decision to study and live overseas. You will need to be mindful of how much your accommodation costs, how far it is from the campus and other areas, and whether there are adequate services nearby, such as supermarkets and health services. Housing options in Sydney include:

- share house – your own room in a shared household
- vacant properties – houses, units and apartments.

VU Sydney's education partner, the Education Centre of Australia, recommends CozzyStay as its preferred accommodation provider.

cozzystay.com.au

vu.edu.au/vu-sydney/living-in-sydney

309,000

INTERNATIONAL STUDENTS STUDYING IN NSW*

TRANSPORT

Sydney has an excellent public transport system, making it easy and affordable for you to reach the campus and travel around the city. The public transport system includes trains, buses, ferries and a comprehensive bicycle network.

Sydney's light rail network

WORKING AND STUDYING

An Australian student visa (subclass 500) allows you to work in Australia for up to 40 hours each fortnight (two weeks) during your study term, once your course has commenced. You can also work unlimited hours during designated breaks in the academic calendar. Work that is formally registered as a requirement of your course, such as work placements, is not included in the 40 hours per fortnight limit, nor is some voluntary or unpaid work.

homeaffairs.gov.au

SCHOOLING FOR YOUR CHILDREN

If you have children aged between 5 and 18 accompanying you to Australia, they must by law attend school. Most temporary resident students pay the temporary resident administration fee and education fee to enrol in a NSW government school. Allow schooling costs of at least A\$8000 per year for each child.

education.nsw.gov.au/public-schools/going-to-a-public-school/primary-schools/starting-school

The Blue Mountains

GENUINE TEMPORARY ENTRANT REQUIREMENT

The genuine temporary entrant (GTE) requirement is an integrity measure to ensure that the student visa program is used as intended and not as a way for international students to maintain ongoing residency in Australia. Student visa applicants should provide evidence of meeting the GTE requirement in their application form. This must include a statement in response to the question in the form and/or documentation to support claims made in the statement such as evidence of employment or a copy of educational qualifications.

*Department of Education, August 2020

STUDYING AT VU SYDNEY

VU Sydney is operated in partnership with the Education Centre of Australia (ECA) and offers globally-recognised and industry-relevant courses to international students from a modern and accessible campus. With great places to study and relax, and a strong support network, we encourage you to take advantage of all VU Sydney has to offer.

CAMPUS LOCATION

VU Sydney is located in the central business district (CBD). You can view our location on the map below. The blue area indicates Sydney Harbour, one of the most beautiful natural harbours in the world. There is a range of public transport options in the CBD and near our campus, including Town Hall Station (train) which is a 10-minute walk from the campus.

ARRIVAL

When you arrive in Sydney, our support staff will give you all the information you need to find your way around campus and the city. Whether it is catching a bus, finding your classroom, knowing where to eat or how to find accommodation, we are here to help.

ORIENTATION

Orientation sessions are conducted before the start of classes for all new students. These mandatory orientation sessions are designed to help you settle into VU Sydney, adjust to a new learning and living environment, and make new friends. As part of our orientation program, you will learn about the campus and its facilities, meet your teachers and classmates, and enrol in your units of study.

1550

INTERNATIONAL STUDENTS ENROLLED AT VU SYDNEY

INTERNATIONAL STUDENT SUPPORT

As a VU Sydney student, you have access to student support offered by the University as well as services offered by ECA. Services and support include:

- orientation
- academic support and study skills
- academic administration services
- counselling
- social events and activities.

vu.edu.au/vu-sydney/campus-facilities-services

STUDENT WELFARE

Our Manager Student Services can assist you as an advocate, mediator or support person with any issues you may encounter during your studies. There is also a counselling service available on campus for assistance with any personal issues you may experience while in Australia.

SOCIAL ACTIVITIES

At VU Sydney, we are proud of our cultural diversity and encourage all students and staff to get involved in social activities throughout the academic year. This helps to foster friendships and assist your English language development while gaining a better understanding of Australian culture. Join the VU Sydney Facebook page to find out more about our social events. These events include:

- surfing and camping trips
- zoo, museum and gallery excursions
- regional excursions
- social outings
- barbecues.

facebook.com/vusydney.australia

STUDENT SUCCESS

Our students are supported every step of the way — from the day they enrol at the University to the day they join our global alumni community. With an award-winning teaching method, excellent services and individual support, our students become confident, career-ready graduates.

NEIL – CHINA

Master of Enterprise Resource Planning (ERP)

ERP is not an easy course to study but the University makes it easier for all students from different academic backgrounds. I appreciate the professional academic team's dedication to support students with any academic issues. The student services team has always provided timely assistance to students in need, especially amid the COVID-19 pandemic.

ANHELIAN – BELARUS

Master of Enterprise Resource Planning (ERP)

I started my first trimester in July 2020 during the COVID-19 pandemic, via digitally-supported remote (DSR) learning. Remote learning was quite challenging at first, but I managed to communicate with my classmates through social media, which was fun and engaging. The lecturers were easy to contact and they resolved issues quickly. VU Sydney offers countless opportunities for students all over the world.

DENIS – ESTONIA

Bachelor of Information Technology (IT)

The Block Model at VU Sydney has been the best experience for me. Studying one unit at a time makes more sense and it is less stressful than studying multiple subjects at once. The Bachelor of IT program has units that are very practical. Class sizes are smaller and it is better for me to communicate and ask for assistance from my lecturers. The academics and teaching staff will help you succeed in every way. I even had a chance to create a face recognition app with the support of my teachers.

BIHAN – CHINA

Master of Enterprise Resource Planning (ERP)

VU Sydney brings me to an entire new world where I can use data to observe and solve real-world business problems. I always felt so lucky that I chose to study the ERP course. It is very practical and helps me stay connected to different industries at the same time. Exploring something new is challenging; however, I have never felt alone as VU Sydney has equipped me with student mentorship and professional academic assistance.

ERENK – NEPAL

Diploma of Information Technology (IT)

I am completing my Diploma of IT at VU Sydney and plan to continue my Bachelor of IT in 2021. With the pandemic, online study was difficult at first but I managed to cope with e-learning offered at VU Sydney. The diploma program helps me to understand the units better before I enter my bachelor degree. Studying by Block Model is much better for me as I'm able to focus on just one unit at a time before moving onto the next one.

ACADEMIC SUPPORT

VU Sydney provides academic support throughout your studies to equip you with the skills, knowledge and confidence to succeed at university. From group workshops to individual support, we are with you every step of the way.

WORKSHOPS

We deliver a suite of workshops throughout the academic year. These workshops are designed to help you transition to a new learning environment and will equip you with the knowledge and skills to thrive in your studies. Topics addressed in our academic workshops include:

- referencing skills
- oral presentation skills
- exam preparation techniques
- critical thinking.

Workshops are advertised around campus and on social media, and we encourage you to request a specific workshop on areas related to your studies.

PEER TUTORING

We employ student tutors who have achieved high grades to help you with your studies if you need additional support. Tutors conduct sessions for individuals and groups. The tutor list is available from the learning support team on Level 1. The tutor service is free for all students.

COURSE ADVICE

Our course coordinators can help you with a range of enquiries, including advanced standing, unit selection and course progression. They will also issue you with a study plan that will map your progress from enrolment to course completion.

INDIVIDUAL SUPPORT

Our learning support advisers can assist you if you have concerns about an assessment or content being covered in a unit. The learning support team is located on Level 1.

LEARNING HUB

The Learning Hub is a welcoming study space that provides library services and information literacy guidance. Our dedicated librarian is here to help you access textbooks, scholarly journals and research databases. The Learning Hub is located on Level 1 and can be accessed at any time during campus opening hours.

THE VU BLOCK MODEL

Unlike most other universities where you study multiple subjects at once, at VU you study one subject at a time for four weeks (undergraduate courses) and two subjects at a time for eight weeks (postgraduate courses). Each four-week or eight-week 'block' includes all assessments, and your results are available after each block. You then have a few days between blocks to relax and prepare for the next subject or block.

The Block Model is unique to VU in Australia and is founded on the success of universities using similar models in Sweden, Canada and the United States.

BENEFITS OF THE BLOCK MODEL

1

BETTER RESULTS

You focus on completing one or two subjects at a time, every four to eight weeks (including all assessments) and build your confidence and see results in your studies from day one. Under the Block Model, not only are you more likely to pass, you're more likely to get better grades. Over 40% of VU Sydney students studying under Block Model have received distinctions and high distinctions, without a change to the assessments given.

2

SMALLER CLASSES

You learn in smaller classes and have more one-on-one time with your learning facilitators for a personalised education. Studying with one group at a time will help you to adjust to university life in Australia and form better connections with your classmates and mentors. Plus, this will help you gain more confidence to be able to share ideas and debate concepts.

3

LESS STRESS

By focusing on one or two subjects, you can deeply immerse yourself in your studies without having to juggle other subjects with conflicting deadlines and assessments.

4

GREATER FLEXIBILITY

Teaching sessions are available in multiple combinations (morning, mid-morning, afternoon and evening), allowing you to plan your work and other activities. We also have multiple entry points and the option to fast-track or catch up on your studies during our winter and summer blocks.

5

AWARD-WINNING MODEL

The success of VU's Block Model has been recognised by the International Education Association of Australia 2018 Excellence Award for Innovation, the Victorian International Education 2018 Award for Excellence in International Education, and the Desire 2 Learn 2019 D2L Excellence Award.

6

SIMPLE TIMETABLES

The study year for undergraduate courses is divided into 10 four-week blocks: two semesters of four blocks each, plus two optional blocks over winter and summer. Each unit has three face-to-face teaching sessions per week, scheduled over three days. Teaching sessions don't run on more than two consecutive days, so you will have one gap day between teaching sessions and two gap days each week.

7

EARLY ASSESSMENTS

Assessments have been redesigned for quicker completion within each block, with most of your work completed in class so you can achieve your best through early and ongoing feedback. You'll have a great sense of how you're progressing in your course, with final grades for units available soon after each block finishes.

POSTGRADUATE PROGRAMS

If you are studying a postgraduate program, you will undertake two units at a time over eight weeks. Students will participate in two workshops per week (one to two hours long) for six weeks, followed by a three-hour workshop in Week 7 and a break in Week 8 for reflection.

In 2021, students commencing in the Master of Business (Accounting) (BMAK) and the Master of Enterprise Resource Planning (BMEN) will undertake their studies in the postgraduate block mode delivery. Students who commence in the Master of Applied Information Technology (NMIT) will undertake their studies in a traditional trimester delivery. This consists of 12 teaching weeks followed by a final exam period. NMIT students will transition to the postgraduate block mode delivery from 2022.

MULTIPLE STARTING POINTS

This table highlights our multiple optional entry points available to begin your course. You can start in Block 1, or fast-track or catch up on your studies by including Summer Blocks. We are reviewing our calendar to include more entry points, so check in later in the year for up-to-date information.

vu.edu.au/timetables

	SUMMER	SEMESTER 1				WINTER	SEMESTER 2				SUMMER

ADMISSION, ENROLMENT & FEES

HIGHER EDUCATION DIPLOMAS

To enrol in a higher education (HE) diploma, you need to have a secondary school certification equivalent to an Australian Year 12 qualification. Successful completion of a HE diploma guarantees entry into the second year of the corresponding bachelor degree.

UNDERGRADUATE DEGREES

To enrol in an undergraduate degree, you need to have a secondary school certification equivalent to an Australian Year 12 qualification. Undergraduate programs are delivered on a semester-based academic calendar. Course delivery is facilitated via four-week block delivery.

MASTERS DEGREES (COURSEWORK)

The requirement for master's degrees is an undergraduate degree comparable to an Australian undergraduate degree or graduate diploma. From Semester 1, 2021, all postgraduate business programs will transition to postgraduate 8-week Block Model delivery from a trimester-based delivery. From 2022, all other postgraduate programs will transition to a semester-based 8-week block delivery.

ACADEMIC ENTRY REQUIREMENTS

Find out if you meet the minimum academic entry requirements by reviewing the requirements listed by country: vu.edu.au/entry-international

ENGLISH LANGUAGE REQUIREMENTS

All VU courses require a specific level of English language proficiency to ensure that you will be successful in your studies. You need to provide evidence that you have completed an approved English language test and achieved the result required for the individual courses.

vu.edu.au/entry-international

CREDIT FOR PREVIOUS STUDIES

You could be eligible to receive credit (Advanced Standing) for previous study. Or, if you do not meet the requirements for the course you want, you may be eligible to commence your studies at a different level in a related field and progress to your course of choice.

vu.edu.au/advanced-standing

RECOGNITION OF PRIOR ENGLISH LANGUAGE STUDIES

If you have completed some or all of your academic study in English, we may recognise your prior English language studies for entry into a course. To qualify for recognition of prior studies in an English language medium, you need to have achieved one of the scores or qualifications listed on the course pages, and have achieved this score or qualification within the expected duration at an accepted English language provider.

Each application will be assessed on a case-by-case basis and VU Sydney reserves the right to ask for English language proficiency test results. Students who do not meet the English language requirements may choose to undertake an intensive English course at ECA's English Language School in Sydney.

vu.edu.au/entry-international

elsis.edu.au

FEES

To accept your offer into your VU course(s), you will have to pay a deposit that covers tuition fees and Overseas Student Health Cover (OSHC) if you have asked VU to organise OSHC on your behalf, and you also need to sign your International Student Written Agreement. Indicative course fees will be detailed in your agreement. Subsequent tuition fees will be charged one study period at a time and will be payable upon commencement of your next study period. Fees vary by course and are subject to change. Note that annual price rises will be applied to both commencing and continuing students.

vu.edu.au/vu-sydney/courses-at-vu-sydney

REFUND POLICY

If special or exceptional circumstances prevent you from continuing your studies, you may be eligible for a full or partial refund. If you need to discontinue your course and seek a refund, you must supply documentary evidence in support of your application.

vu.edu.au/vu-sydney-forms

ASSESSMENT METHODS

At VU, you get to focus on one or two units (subjects) at a time over a four-week or eight-week 'block'. You typically finish your block on a Friday and receive your results on the following Monday, enabling you to achieve your best through early and ongoing feedback. We have also redesigned our assessments for quicker completion within each block, with most of your work completed in class. The type of assessment will depend on the unit you are taking, and may include:

- hands-on activities or smaller assessment tasks (conducted in the classroom or online)
- group presentations
- a final product or assessment task at the end of your unit.

ACADEMIC CALENDAR

For semester and trimester dates, holidays, enrolment information and current timetables visit:

vu.edu.au/vu-sydney/enrol-at-vu-sydney/vu-sydney-timetables-calendars

Students must be 18 years of age or above to commence higher education diplomas, undergraduate degrees and masters degrees at VU Sydney.

BUSINESS

Dream of owning your own business or leading a company? VU will give you the knowledge, skills and industry connections to succeed. Gain extensive hands-on experience through placements, industry-sponsored projects and problem-based learning.

INDUSTRY ACCREDITATION

Our courses are accredited by:

◆ TIER 1

Our MBA has a Tier 1 ranking in *CEO Magazine's* 2020 Global MBA Rankings.

◆ 5 STARS

Our score for skills development and learner engagement in Business and Management, Economics and Accounting.
Good Universities Guide 2020.

If you have completed the Diploma of Business (Enterprise) at VU Sydney, you will be guaranteed a place in this bachelor degree. You will receive credit for your previous study, reducing the time it takes to complete your course.

You can also gain credit (Advanced Standing) into the Bachelor of Business (Accounting Major) if you have completed one of the following courses with the ECA Graduate Institute:

- Diploma of Business: up to 8 units of study
- Advanced Diploma of Business: up to 12 units of study

COURSE DESCRIPTION

This course will provide you with the fundamental concepts, knowledge and skills required to forge a successful career in business analytics, project management, data management or e-business in a global economy. Examine information systems, modelling, development, digital commerce and management techniques and approaches, and apply your learning to develop and deliver an information systems project. In a fast-paced, dynamic information age, our graduates are equipped with the technical skills and knowledge to develop information systems projects in virtually any industry across the globe.

UNITS AND ELECTIVES

Students will be required to complete in total 288 credit points (equivalent to 24 units) consisting of:

- 96 credit points of core business units (equivalent to 8 units)
- 96 credit points of major studies (equivalent to 8 units)
- 96 credit points (equivalent to 8 units) made up of either:
 - second major 96 credit points (equivalent to 8 units)
 - OR
 - 1 discipline minor 48 credit points (equivalent to 4 units)
- AND
- 1 breadth minor 48 credits points (equivalent to 4 units).

CORE UNITS

Accounting for Decision Making
Information Systems for Business
Economic Principles
Business Statistics
Introduction to Marketing
Business Law
Management and Organisation Behaviour
Integrated Business Challenge

GRADUATE OUTCOMES

This course will prepare you for a career as a systems analyst, programmer (and designer), applications developer, network administrator and information systems manager. Graduates can work in the ICT sector in a range of business environments, or gain employment in an IT firm as a consultant.

MAJOR STUDIES

Students are required to successfully complete 96 credit points (eight units of study).

Business Process Modelling
Systems Analysis and Design
Introduction to Database Systems
Cloud Application Development
Introduction to ICT Management
IT Profession and Ethics
Information Systems Project
Applied Business Challenge

BACHELOR OF BUSINESS COURSE STRUCTURE

CORE UNITS 8 UNITS - 96 CREDITS

BAO1101	Accounting for Decision Making	BEO1105	Economic Principles
BEO1106	Business Statistics	BMO1102	Management and Organisation Behaviour
BCO1105	Business Law	BHO1171	Introduction to Marketing
BEO1102	Information Systems for Business	BPD1100*	Integrated Business Challenge

CHOOSE ONE OF TWO MAJORS

MAJOR 1: INFORMATION SYSTEM MANAGEMENT

BCO2000	Business Process Modelling
BCO2041	Systems Analysis and Design
NIT1201	Introduction to Database Systems
NIT2113	Cloud Application Development
NIT2171	Introduction to ICT Management
NIT2201	IT Profession and Ethics
BCO3447	Information Systems Project
BPD3100*	Applied Business Challenge

MAJOR 2: ACCOUNTING

BAO2000	Accounting Information Systems
BAO2001	Corporate Finance
BAO2202	Financial Accounting
BAO2203	Corporate Accounting
BAO2204	Management Accounting
BEO2006	Corporate Regulation
BAO3309	Advanced Financial Accounting
BPD3100*	Applied Business Challenge

CHOOSE ONE OF TWO MINORS

MINOR 1: ACCOUNTING

BAO2000	Accounting Information Systems
BAO2202	Financial Accounting
BAO2203	Corporate Accounting
BAO2204	Management Accounting

MINOR: PROFESSIONAL ACCOUNTING

BAO3306	Auditing
BLO2206	Taxation Law and Practice
NIT2171	Introduction to ICT Management
NIT3171	ICT Business Analytics and Data Visualisation

OR

MINOR 2: MARKETING

BHO2265	Integrated Marketing Communications
BHO2285	Marketing Research
BHO2434	Consumer Behaviour
BHO3439	Marketing Services and Experiences

BREADTH MINOR BPD2100 AND THREE UNITS FROM THE BELOW

BPD2100*	International Business Challenge	BAO2000	Accounting Information Systems
BHO2259	Product and Services Innovations	BAO3306	Auditing
BHO2265	Integrated Marketing Communications	BAO2202	Financial Accounting
BHO2285	Marketing Research	BAO2204	Management Accounting
BHO2434	Consumer Behaviour	BLO2206	Taxation Law and Practice
BHO3439	Marketing Services and Experiences	BCO2000	Business Process Modeling
BMO2002	Strategic Management		

Units undertaken as part of major and minor studies cannot be used for breadth minor requirements. Units are subject to availability.

* Indicates Business Challenge stream, students who elect to complete a double major do not complete a minor, and *BPD2100 and *BPD3100 will need to be incorporated into the one of 2 majors

MASTER OF BUSINESS (ACCOUNTING)

vu.edu.au/vu-sydney/courses-at-vu-sydney/master-of-business-accounting

	COURSE CODE: BMAK CRICOS: 083037M
	DURATION 4 semesters
	2021 INTAKES February, May, August, October, November
	2021 FEES A\$12,670 per semester
	ENGLISH REQUIREMENT You must provide evidence that you have completed an approved English language test, and achieved the result as described below: <ul style="list-style-type: none"> • IELTS academic module: Overall score of 6.5 (no band less than 6.0) • TOEFL iBT: Overall score of 79 (section score no less than Listening 19, Speaking 19, Reading 18, Writing 22) • Pearson Test of English academic test: Overall score of 58-64 (no section less than 50) • University of Cambridge – C1 Advanced: Overall score of 176 (no band less than 169) • English Language School in Sydney: Completion of English for Academic Purposes (EAP) 2 with an A grade
	ADMISSION REQUIREMENT An Australian undergraduate degree (or equivalent) in any discipline, or an Australian graduate diploma (or equivalent) in a similar discipline

ADVANCED STANDING

If you have completed a Bachelor of Business with VU, you will receive the first four units of the program in Advanced Standing. If you have completed study with another university or institution and believe you are eligible to receive credit for skills and past study, you can apply for Advanced Standing with your application.

COURSE DESCRIPTION

This globally-recognised accounting degree provides a strong foundation in sustainability and global accounting trends. You will gain specialist knowledge in accounting, economics and finance, and learn the skills to succeed in senior accounting roles.

GRADUATE OUTCOMES

Gain employment across many business settings such as public accounting practice, commercial, not-for-profit and government organisations specifically in the areas of general accounting, taxation, auditing, financial and management accounting.

HOME WITH ITS
WARM AND HELPFUL
ENVIRONMENT. MY
JOURNEY SO FAR
HAS BEEN GREAT.
I AM LOOKING
FORWARD TO 2021!**
”

Subha (Bangladesh)
Master of Enterprise Resource Planning

INFORMATION TECHNOLOGY AND SYSTEMS

Join the world's fastest-growing industries by taking advantage of our industry partnerships with companies such as Amazon, Cisco, Inspur, Microsoft and SAP. VU is a world leader in Enterprise Resource Planning (ERP) systems education. The VU Sydney campus includes a networking lab with industry-standard Cisco routers and switches,

Windows and Mac computer labs with graphics and video authoring tools, and server/desktop virtualisation software. Our Bachelor of IT includes the option to specialise in Network and Systems Computing or Web and Mobile Application Development, incorporating Cyber Security.

◆ 201 - 250

We rank 201-250 globally for computer science in the *Times Higher Education* World University Rankings by Subject 2020.

◆ A\$104,156

The median annual salary for software programmers before tax is A\$104,156 (Job Outlook).

“

THE BACHELOR OF INFORMATION TECHNOLOGY HAS HELPED ME GAIN KNOWLEDGE OF FIVE OF THE MOST POPULAR PROGRAMMING LANGUAGES. I WAS ABLE TO BUILD MY FIRST WEBSITE AND MOBILE APP DURING MY STUDY.

”

“Not only is the course aligned with my career aspirations, but the services available to students — from orientation to graduation — is what compelled me to join VU Sydney. The University makes international students feel like home and opens a portal of opportunities for our future.”

Pratik (Nepal)

Bachelor of Information Technology

INFORMATION TECHNOLOGY AND SYSTEMS

DIPLOMA OF INFORMATION TECHNOLOGY

	COURSE CODE: NBIT CRICOS: 093390M
	DURATION 3 years (6 semesters)
	2021 INTAKES February, May, August, October, November
	2021 FEES A\$11,330 per semester
	ENGLISH REQUIREMENT You must provide evidence that you have completed an approved English language test, and achieved the result as described below: <ul style="list-style-type: none">• IELTS academic module: Overall score of 6.0 (no band less than 6.0)• TOEFL iBT: Overall score of 67 (section score no less than Listening 12, Speaking 18, Reading 15, Writing 21)• Pearson Test of English academic test: Overall score of 50 (no section less than 50)• University of Cambridge – C1 Advanced: Overall score of 169 (no band less than 169)• English Language School in Sydney: Completion of English for Academic Purposes (EAP) 2 with a B grade
	ADMISSION REQUIREMENT A secondary school qualification equivalent to an Australian Year 12 qualification

STUDY PATHWAYS

 If you have successfully completed the Diploma of Information Technology at VU Sydney, you will be guaranteed a place in this bachelor degree. You will receive credit for your previous study, reducing the time it takes to complete your course.

COURSE DESCRIPTION

The Bachelor of Information Technology is a three-year course with a personalised learning experience. We focus on areas of high job demand such as web/mobile app development and information computer technology (ICT) management.

Graduate with the technical, analytical, managerial, leadership and interpersonal skills required for success in the IT industry by gaining:

- knowledge across a wide range of IT applications
- hands-on experience with industry-standard equipment
- project management experience in many sectors including government, finance, retail, and manufacturing.

This degree also prepares you for industry certifications such as Cisco Certified Network Associate and Microsoft Certified Technology Specialist.

UNITS AND ELECTIVES

To attain the Bachelor of Information Technology, students will be required to complete 288 credit points (equivalent to 24 units) consisting of:

- 96 credit points (equivalent to 8 units) of common core first year units
- 96 credit points (equivalent to 8 units) of major studies (from the list below)
- 48 credit points (equivalent to 4 units) of graduating core units
- 48 credit points (equivalent to 4 units) of minor studies (from the list below).

Students who successfully complete the common core units (96 credit points, equivalent to 8 units) in their first year of studies have the option to exit the program and graduate with the Diploma of Information Technology.

SEMESTER 1 (CORE UNITS)

Web Development and CMS
Introduction to Programming
Communication and Information Management
Computer Networks

INDUSTRY RECOGNITION

Graduates can attain professional membership of the Australian Computer Society.

GRADUATE OUTCOMES

This course will prepare you for a career as a software analyst, web designer, web application developer, mobile application developer, data centre administrator, systems administrator, security consultant, database administrator, webmaster, business analyst, data analyst or project manager.

As an IT professional, you could gain employment in a range of sectors including IT, government, banking and finance, retail, education, health, media, logistics and manufacturing.

SEMESTER 2 (CORE UNITS)

	COURSE CODE: NMIT CRICOS: 083015F
	DURATION 4 trimesters of study
	2021 INTAKES March, August and November
	2021 FEES A\$12,670 per semester
	ENGLISH REQUIREMENT You must provide evidence that you have completed an approved English language test, and achieved the result as described below: <ul style="list-style-type: none">• IELTS academic module: Overall score of 6.5 (no band less than 6.0)• TOEFL iBT: Overall score of 79 (section score no less than Listening 19, Speaking 19, Reading 18, Writing 22)• Pearson Test of English academic test: Overall score of 58 (no section less than 50)• University of Cambridge – C1 Advanced: Overall score of 176 (no band less than 169)• English Language School in Sydney: Completion of English for Academic Purposes (EAP) 2 with an A grade
	ADMISSION REQUIREMENT An Australian undergraduate degree (or equivalent) in a similar discipline, or an Australian graduate diploma (or equivalent) in a similar discipline

ADVANCED STANDING

If you have completed a Bachelor of Information Technology at VU Sydney, you will receive the first four units of the NMIT program in Advanced Standing. If you have completed study with another university or institution and believe you are eligible to receive credit for skills and past study, you can apply for Advanced Standing with your application.

COURSE DESCRIPTION

Enhance your career prospects and become highly employable with a postgraduate qualification in IT. The Master of Applied Information Technology is a flexible course, providing advanced training in information technology for students with an IT undergraduate qualification. Apply your knowledge and skills to real-world problems and scenarios in this practical course.

UNITS AND ELECTIVES

The Master of Applied Information Technology is a 192 credit points (16 units) course.

The degree consists of IT units, project management units and research-based units.

Students can choose between a 24-credit points thesis (Research Project Part A and B), or a 48-credit points thesis (Research Thesis 1 and 2).

YEAR 1, TRIMESTER 1

Networking Systems
Database Analysis and Design
Principles of Project Management
Fundamentals of Cyber Security

YEAR 1, TRIMESTER 2

Cloud Security
Advanced Object Oriented Programming
Project Management and Information Technology
Introduction to Research

YEAR 2, TRIMESTER 1

Enterprise Security Management
Mobile Applications
Advanced Project
Research Project Part A

INDUSTRY RECOGNITION

Graduates can attain professional membership of the Australian Computer Society.

GRADUATE OUTCOMES

This course will prepare you for a career in ICT training, project management, data warehousing, IT consultancy, networking administration, networking or software development/engineering. Graduates may also be eligible to undertake further study and enter master's (by research) and PhD degrees.

YEAR 2, TRIMESTER 2

Cyber Security Law, Regulation and Policy
Project Risk Management
Data Warehousing and Mining
Research Project Part B

ADDITIONAL ELECTIVES

Project Stakeholder Management
Mobile Network Design
Fundamentals of Project Management
Project Planning and Control

---	--

COURSE DESCRIPTION

Achieve a lucrative position as a SAP specialist in the growing world of digital-resource management, with our world-class Master of Enterprise Resource Planning. Our program gives you specialised and sought-after expertise. It is highly valued in the industry, as the only course at this level in Australia. We have strong industry connections, offering real-world experience and networking opportunities. During your study, you will develop practical, up-to-date knowledge of SAP software. We offer hands-on experience and online access to SAP programs, including SAP S/4 HANA, SAP Fiori, and SAP Analytics Cloud.

UNITS AND ELECTIVES

To attain the Master of Enterprise Resource Planning, students will be required to complete 192 credit points consisting of:

BUSINESS CORE UNITS

Accounting for Managers
Data Analysis for Business
Business Economics
Work and organisation systems

PROFESSIONAL CORE UNITS

Computerised Accounting in an ERP System
Business Process Engineering
ERP Systems Implementation
Enterprises Resources Planning Systems
Business Analytics and Visualisation
Mobile Computing Application Programming
Experience Management
Analytics Project Management

OTHER CORE UNITS

The Information Systems Professional
Applied Business Project (Capstone)

GRADUATE OUTCOMES

By completing this course, you'll gain a competitive advantage for senior roles in ICT and ERP. Industries where ERP/SAP skills are used include:

- construction
- customer relationship management
- finance
- manufacturing
- marketing
- sporting industries
- tourism

ELECTIVE UNITS

Elective 1: Any VU postgraduate level unit or other equivalent unit

Elective 2: Any VU postgraduate level unit or other equivalent unit

ELECTIVE OPTIONS

- Internship
- Predictive Analysis
- Artificial Intelligence and Machine Learning for Business

ENGLISH PATHWAYS

By successfully completing English for Academic Purposes (EAP) at the English Language School in Sydney (EL SIS), students will be eligible for direct entry into VU degrees at our Sydney campus.*

* Refer to course specific entry requirements to check the required level of English language proficiency for entry into your course.

GRADUATE SUPPORT

As a VU Sydney student, you will be provided with a diverse range of opportunities offered by ECA to prepare you for life after graduation.

CAREER WORKSHOPS

ECA offers career-related workshops to help graduating students enter the Australian workforce. Workshops include:

- job search techniques
- résumé and cover letter writing
- interview preparation and training, including mock interviews.

WORK EXPERIENCE

VU Sydney graduates can participate in work experience placements offered by ECA. Work experience can be a great way to enter your chosen industry, with host companies often looking to train candidates for future employment if they demonstrate employable qualities during their placement. The advantages of work experience include:

- observation, learning and training opportunities
- exposure to Australia's professional culture
- access to mentoring opportunities
- a competitive edge in job applications (for example, employers are interested in experience as well as qualifications).

internships.eca.edu.au

HOW TO APPLY

1. CHOOSE YOUR COURSE

For information about courses, fees and entry requirements for international students visit:

vu.edu.au/vu-sydney/courses-at-vu-sydney

2. PREPARE DOCUMENTS

To apply for a course, you must prove that you meet the entry requirements by attaching the relevant documentation to your application. This may include:

- evidence of your English language proficiency
- certified copies of your academic transcripts and graduation certificates
- completed Background Information Checklist and Financial Declaration
- completed Advanced Standing application
- other relevant documents such as letters from employers or schools, statement of purpose or research proposal.

vu.edu.au/vu-sydney/enrol-at-vu-sydney

3. COMPLETE YOUR APPLICATION

You can apply using the details listed in the link below:

vu.edu.au/vu-sydney/courses-at-vu-sydney/how-to-apply

You can also apply through a VU Sydney-approved agent. A list can be found here:

ecavu.meshedhe.com.au/Publics/PublicPages/AgentListByCountry.aspx

4. ACCEPT YOUR OFFER

If you have been issued a conditional offer, you must meet all conditions before you can accept your offer. Once you receive a full offer you need to:

- sign and return your International Student Written Agreement (note that the full document will need to be returned)
- pay your course fee stated on your offer letter
- arrange your Overseas Student Health Cover.

If your visa application requires a Confirmation of Enrolment (CoE), VU will send a CoE to you after your International Student Written Agreement has been processed.

5. ORGANISE VISA

Most prospective international students intending to study in Australia must apply for a student visa. It is important that you state your full study intentions when applying. For detailed information on student visa requirements, how to apply, and related issues visit: homeaffairs.gov.au/visas

6. GET READY TO TRAVEL

Book your flights and research your accommodation options. If you require a VU representative to meet you at Sydney Airport when you arrive, contact us here:

vu.edu.au/vu-sydney/contact-vu-sydney

We look forward to welcoming you to VU Sydney!

"I HAVE STUDIED AT VU SYDNEY FOR ALMOST TWO YEARS. THE UNIVERSITY IS EQUIPPED WITH ADVANCED INFRASTRUCTURE AND TEACHING FACILITIES. THE TEACHERS ARE FRIENDLY AND WILLING TO HELP STUDENTS. AS PART OF THE VU SYDNEY FAMILY, I HAVE HAD A HARMONIOUS AND PLEASANT LEARNING ATMOSPHERE IN AUSTRALIA."

Mengdie (China)
Master of Enterprise Resource Planning

"WHEN I FIRST VISITED THE CAMPUS, I WAS CAPTIVATED BY ITS MULTICULTURAL ENVIRONMENT AND THE DIVERSE RANGE OF FACILITIES AVAILABLE TO STUDENTS. I ALSO FOUND SYDNEY A WONDERFUL CITY WITH ITS FABULOUS WEATHER AND CULTURAL DIVERSITY, MAKING IT ONE OF THE BEST CITIES FOR INTERNATIONAL STUDENTS."
