

COVID-19: Travel to UK

Before you travel: we strongly recommend you to check the current government guidance on [what you need to do before you travel to the UK](#). The guidance can change at short notice, please read and familiarise yourself with the Government rules before you book your travel to the UK.

What you must do before you travel?

- ✓ You are required to complete the [passenger location form](#), and
- ✓ provide a negative Covid-19 test, test must be taken in the 3 days before departure, and
- ✓ If you have **NOT** been in the '**Red list**' countries, book and pay for a travel test package, which includes two COVID-19 tests to be taken on day 2 and 8 of your quarantine

Do I have to quarantine on arrival to the UK?

There are no longer travel corridors between England and any country therefore you are required to quarantine for 10 days on arrival to England (please note, Scotland, Wales and Northern Ireland have different rules). Under current regulations there are 2 quarantine options and the place to quarantine depends on where you travel in the 10 days before you arrive in England.

What are the quarantine options?

- Anyone arriving from a country on the [UK's Red list](#) will be required to [purchase a quarantine package](#), which will include accommodation in a government-approved facility and testing.
- If you arrive from a country not in the 'Red List' you are permitted to quarantine in your accommodation, we recommend you to check the guidance [How to quarantine when you arrive in England](#)

How much I need to pay to quarantine in a Government-approved facility?

	Rate	Additional day rate (for more than 10 days of quarantine)
Rate For 1 Adult In 1 Room For 10 Days (11 Nights)	£1750	£152
Additional Rate For 1 Adult (Or Child Over 12)	£650	£41
Additional Rate For A Child Aged 5–12	£325	£12

What happen if I test positive during my quarantine?

If you receive a positive result from your day 2 or 8 test, you must quarantine for 10 days beginning the day after the test was taken. Everyone living in the same accommodation with you, will also need to quarantine. If you are completing your quarantine in a government-approved facility, you will be required to pay the additional rate to complete your quarantine period.

My entry clearance vignette expired before travelling to the UK. What do I need to do?

If you fail to enter the UK within the 90 day validity period of your entry clearance vignette, you must submit a [Transfer of Conditions application](#). The cost of this application is £154 and you are required to submit your Biometrics again. Please note, this is not a fresh Student Visa application, you have already been granted visa under the student route. When submitting the application please select the following options:

- ❖ Confirm your visa type: *BRP vignette transfer*

Please include in the additional information that you have been granted visa under the student route but have not been able to enter the country, please explain the reason for it.

***under current guidance, if you want to be eligible to apply for further leave under the Graduate Route, you must arrive in the UK on or before 06.04.2021 to complete your final semester of study in the UK. This information is correct as of February 2021, but the UK Government will keep reviewing the guidance. Please check with the International Advice Team adviceinternational@londonmet.ac.uk before making any arrangements to travel ***
