### COURSE OVERVIEW

The Graduate Certificate in Health Management is a postgraduate course that aims to build core knowledge and skills in students and healthcare professionals through development of enhanced knowledge and understanding of contemporary issues in healthcare, self, individual and team leadership and quality, safe, collaborative healthcare practice and delivery.

### COURSE STRUCTURE

Unit Code	Title	Credits	Study load over 12 weeks
<b>HM001</b>	The Australian Health Care System: Contemporary Challenges	8	4hrs F2F/8hrs self-directed (12hr total per week)
<b>HM002</b>	Governance, Quality, and Safety in Healthcare	8	4hrs F2F/8hrs self-directed (12hr total per week)
<b>HM003</b>	Leadership and Management in Healthcare	8	4hrs F2F/8hrs self-directed (12hr total per week)

## COURSE LEARNING OUTCOMES

- Demonstrate the leadership capabilities required to effectively manage self, individuals and teams in the delivery of healthcare.
- Evaluate current healthcare challenges to improve the quality of healthcare delivery.
- Design appropriate strategies to address current quality and safety challenges in healthcare.
- Develop plans to build and improve own leadership and management capabilities to enhance collaborative practice to address current and future organisational needs.

## ASSESSMENT METHODS

Assessments are designed to maintain academic standards and generate evidence of learning through a focus on the quality of learning outcomes, the use of a combination of two or more assessment tasks which reflect the learning objectives of the unit, with assessment spread across the teaching period, the importance of the learning objectives reflected in the relative weightings of assessments; and providing students with the opportunity to demonstrate a range of competencies in learning from minimum learning standards to learning of the highest standard. The assessment methods include Research essays, reflective journal, designing a healthcare management plan and designing a performance improvement project plan synchronous activities including quizzes, case study discussions, discussing a topic through a review of literature, critical appraisal of a published paper.

## PATHWAYS

This course is nested within the Diploma in Health Management and the Master of Health Management. Successful completion of the 24 credit points required for award of the Graduate Certificate will enable entry into the Graduate Diploma in Health Management if all other stated entry criteria are met.

## ADMISSION REQUIREMENTS

Admission to the Graduate Certificate in Health Management is based on the following requirements:

- Recognised Bachelor Degree (AQF 7) or an equivalent, or higher qualification in a health-related discipline(see list below) OR;
- Successfully completed a Graduate Certificate or

a Graduate Diploma (AQF 8), in a health-related discipline.

- Alternate Entry: 1. Academic Requirements: Recognised Bachelor Degree (AQF 7) or an equivalent, or higher that is not in a health-related discipline

OR

Successfully completed a Graduate Certificate (AQF 8), in a health-related discipline.

2. Work Experience:

Have a minimum of 2 years of full-time work or equivalent part-time experience in a health-related field(s). The relevant work experience must be demonstrated through a CV and a Statement of Service, confirming the dates of employment and the position held within the organisation.

- Special Entry: Indigenous students, students from low-socioeconomic backgrounds and students with disabilities who apply to CHS will have their applications individually assessed by the Dean. Successful applicants will be provided with ongoing support to meet their specific learning needs. CHS will review Alternate and Special Entry applications to ensure that students admitted to the course have appropriate levels of experience.

Diploma Qualifications commensurate with the requirements of an AQF Level 6 course and have reasonable prospects of academic success.
